Summary Comments from Reviews:

Food Comments

- "My only complaint for this place is that they do not have additional options on how you'd like your shrimp."
- Don't get me wrong, the shrimp are GOOD and FRESH but after a few of them they get kinda bland."

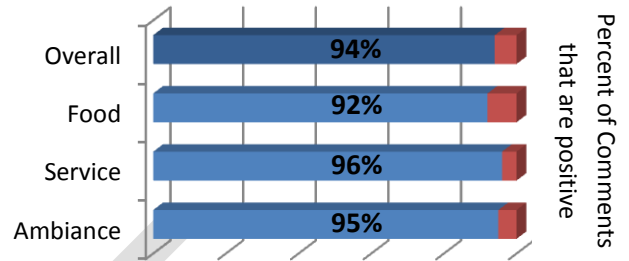

Service Comments

- "The food is always good ; the service is always good ; the view is always interesting ; the ambiance is always comfortable."
- "Even though they were very busy that night, everyone was impressed by the excellent service and the great food "

Ambiance Comments

- "Delicious complimentary homemade cinnamon rolls and yeast rolls ... The weakest point is you have to walk up a flight of stairs to the eating area, however, the upper level gives you a real good view of the water (San Jacinto River)."
- "The food, service and awesome views are the keys to Monument Inn's success and have been since we've been coming here in 1991."
